Inspire Flex: The world's most powerful end-to-end CCM solution

The only fully integrated, any-premise CCM solution

Today's customers have elevated expectations. They've gone digital, demanding convenience and flexibility. Delivering exceptional customer experiences (CX) through personalized, omnichannel communications is now key to competitive positioning, building customer loyalty and driving revenue. However, enterprises often face challenges when implementing CX initiatives including departmental silos, legacy systems, distributed workforces, and changing government regulations.

Quadient's award-winning Customer Communications Management (CCM) solution, Inspire Flex, helps companies around the world design, manage and deliver personalized, accurate and compliant communications across all channels, from one centralized platform. Customer communications are often the only interaction point that customers have with brands, making your CCM strategy a connected journey of critical moments in the customer lifecycle.

Inspire Flex is the only fully integrated, any-premise, end-to-end CCM solution that empowers enterprises to exceed expectations with customer communications that drive value.

"

With Inspire Flex, we have leading edge capabilities in terms of how we present customer data and deliver content to our customers. Historically, we have served a demographic that preferred receiving paper documents. Going forward, our clients expect to receive correspondence and access their account information over a variety of communication channels. Inspire Flex's robust capabilities and the company's excellent professional services and support teams are making that transition extremely smooth. Inspire has been a real game changer for us.

— Randi Gordon, Director, Customer Communications **Management, Pacific Life.**

INSPIRE FLEX SOLVES YOUR CCM PROBLEMS AND LETS YOU:

ENHANCE CUSTOMER EXPERIENCE
Drive value through meaningful experiences delivered where and when customers demand. Empower your non-technical users to create human-centric, compliant 1:1, on demand or one to many communications in minutes, not days.

SPEED DIGITAL TRANSFORMATION
Reduce data migration time and effort by 90% with rapid AI-powered migration technology. Speed your transition and optimize customer data intake with two-way, HTML5-based forms by migrating existing and creating new dynamic forms with little IT involvement, no matter your maturity level.

ACHIEVE AGILITY
Ingest almost any data format and seamlessly integrate with complex legacy and core systems to create personalized communications delivered across any print or digital channel.

INCREASE VALUE
Reduce operational costs with efficient, streamlined workflows for content generation and approval.

ELIMINATE SILOS AND REDUCE IT DEPENDENCE
Inspire Flex is the only centralized solution that makes it easy to create, approve and deliver omni-channel communications from a centralized hub – eliminating the need for multiple siloed teams, and reducing strain on IT.

IMPROVE CUSTOMER JOURNEY FASTER
Inspire integrates seamlessly with Quadient Inspire Journey, the only cloud-based journey mapping tool that incorporates your customers' digital and physical touchpoints into your journey maps. With Inspire Journey, customer experience teams share feedback with business users directly while AI and machine learning orchestrate real-time improvements to make every meaningful connection a positive one.

REDUCE COMPLIANCE RISK
Compliance and legal staff can easily and quickly manage, track, audit, and approve regulatory language while subject matter experts handle personalization in pre-defined templates.

FLEXIBLE DEPLOYMENT FOR CCM ANYWHERE
Any-premise deployment options (cloud, hybrid, and on-premise) ensure companies don't get locked into infrastructures that don't grow with their business. Containerization with Kubernetes technology provides portability, scalability, and high availability for your applications.
